FOUND JITNEY.

Hicks Car Found at Paducah. Four Boys are Arrested.

Perkins Hicks' four-passenger car which mysteriously disappeared from the street in Hickman Thursday night, was located at Paducah the next day; also, the four young men who drove it up there, or rather three, one not going all the way. As a matter of fact, the boys—Leonard Guthrie, Otis Newton and Willis Dunlop—had been arrested for running the car without tail-light, etc. This made them easy pick-ups for Sheriff Walker and John Wright, who went up there for the joy-riders.

The boys did not deny, we understand, taking the car but claimed they expected to get back home next day, had it not been for the over-vigilant cops spying the car without a tail light.

Mr. Hicks went up and got his jitney, and the sheriff brought the boys back to answer the charge of purloining the car. Herman Taylor, one of the quartette arrested in connection with the car taking, was released on bond; incidentally he claimed to have ridden the car only to Cayce, but the others were placed in jail to await the action of the grand jury next week. Their bonds were fixed at \$200 each.

Willis Dunlop is the man who last week was tried and released by Judge Stahr on a warrant charging him with forging a check on Luther Mills. The check was for \$10, and, since Dunlop admitted cashing the check and using the funds, the judge released him upon the promise to get out, go to work and pay the bank the \$10 by January 18. Mills had previously permitted Dunlop to write checks for him, which caused the court to offer the boy another chance. That was Wednesday and he departed in a borrowed car Thursday night.

MOVING CORN.

River Shipments Are Coming Into Hickman for Transshipment.

The annual movement of corn from adjacent river points has started up for 1919 season and is now coming into Hickman by the barge load for transshipment to southern and eastern markets. C. T. Boudurant has chartered a gasoline boat out of Cairo, under the euphonious name of "June Bug," to handle his business, which is being superintended by Henry McMullin. Other boats will be on the job later. J. R. Bryant expects to buy a large steamer to handle his corn business.

In the meantime the N. C. & St. L. Ry. has a crew of men working on their hoisting machinery at their new elevator near the depot. The original scheme and machinery for operating the two hoisting cars was a fizzle and it is being rebuilt. They hope to have the machinery in operation by the end of the present week. This will do away with handling the grain from boat to cars by negro roustabouts.

It is reported that there is an immense lot of corn along the river; the lower or bottom lands not suffering from the drought in the same measure as the hill lands. Unfortunately many thousands of bushels are still unthreshed and some of it will be lost on account of the present full river.

OTIS DOTSON WOUNDED.

In a letter to his mother, Otis Dotson writes from London, England, Dec. 5th, as follows:

"Well, I haven't heard from you all since Sept. and it seems as if it had been ages, but am expecting to see you all again soon. Don't guess I will be in Europe very much longer, am expecting to sail back to the U.S.A. pretty soon, so don't be uneasy about me for I am alright. My wound is doing fine, am not wounded so very severely, am not in bed, am up going about and feeling good enough today. Well, mother, I suppose you are much worried about me being wounded, but please don't worry for its better that than some other ways, so please be of good cheer for we have all fought a good fight and it is all over now and we are coming back home to live in peace. Well, I must have something to say about our captain. He has been so good to us. He was wounded Sept. 29 but he is alright now, gone back to France. I am expecting to take Christmas in the U. S. A. This is all for this time. Will write you again soon, so don't answer this until you hear from me again."

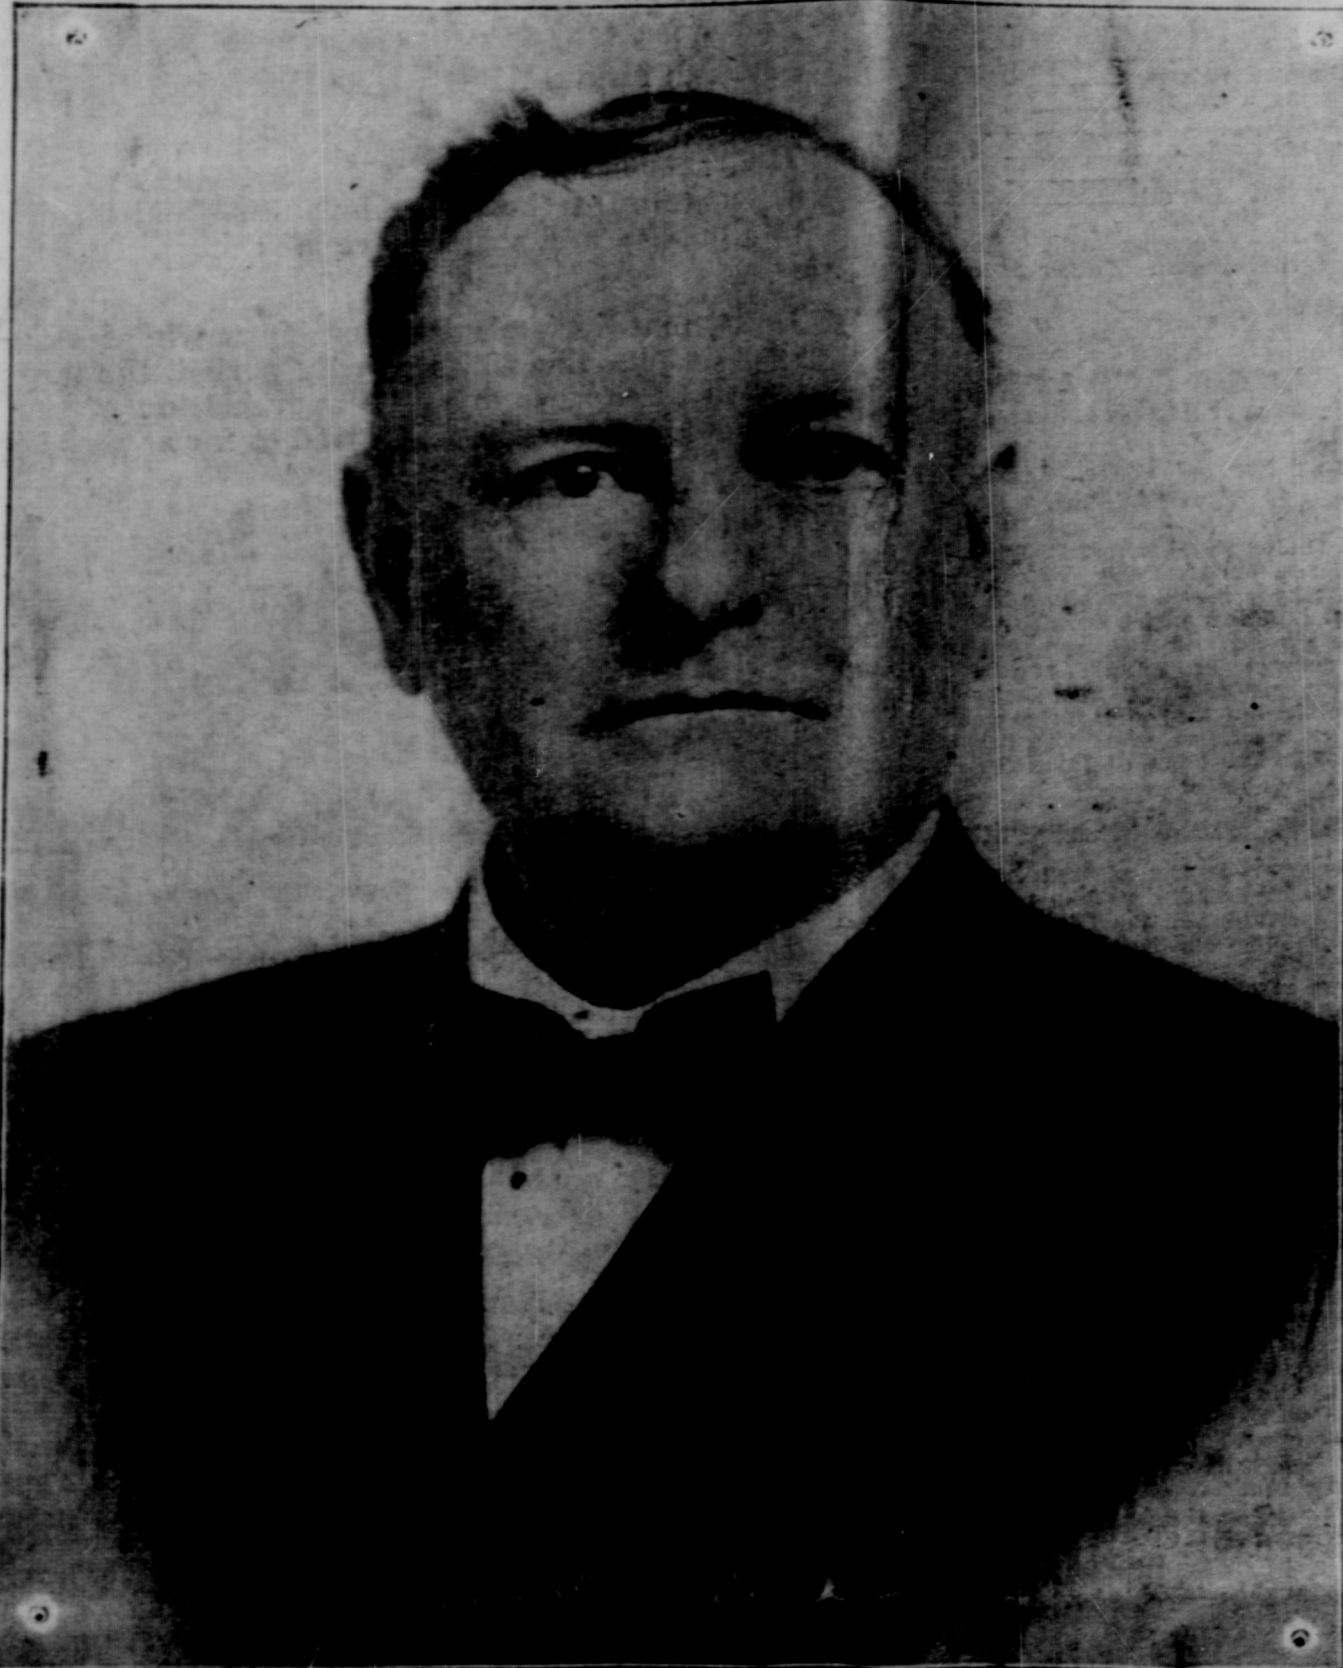

Mr. Dotson is a brother of Mrs. Wiley Harrison, of Rfd. No. 6.

Several airplanes are under construction in different parts of Great Britain with an object of an attempt at a trans-Atlantic flight. The Daily Mail says the Air Ministry is less anxious to demonstrate that a single machine can fly across the Atlantic than what a group of machines of various types can do. Consequently different types of planes are under construction in anticipation of their flying across next spring.

Mrs. Albert Gordon, of Fulton, died in Memphis last Wednesday. She had been visiting her sister, Mrs. J. H. Holmes, in Memphis, for the Christmas holidays and while there was taken ill of influenza-pneumonia, death occurring Wednesday.

Mrs. Garnett Lemon, of Tiptonville, was in the city last week.

OTE PIPER IS CANDIDATE FOR RE-ELECTION

In making my announcement for the Democratic nomination for re-election to the legislature of Kentucky, I wish to thank the Democratic voters and others, who so loyally stood by me and voted for me for the legislature; and to those who voted against me, I will say that it was your sacred right, and I assure you that I have nothing in my heart but the kindest feeling for you and was as much your representative as if you had voted for me.

The kind of a representative I made you is a matter of record, and I am willing to rise or fall on its merits. It is for you to decide if I am again to be your representative.

What I Stand For.

I stand for better free schools, knowing full well that the boys and girls of today will be the rulers of the state in a few years. I am in favor of paying our teachers more money in order to get better teachers to train our children in the right channels. Our public school system needs developing so it will stand second to none.

I Am For State Wide.

I am for state-wide and was instrumental in passing the amendment to the constitution giving the people the right to say by their vote whether Kentucky shall be wet or dry.

I Am For Better Roads.

I am a firm believer in good roads and I believe the day is near at hand

when we will construct better roads which will reflect credit on the people of this district.

I Am For the Rights of the Laboring Man.

I am and will ever be ready to defend the rights of the laboring man, in whatever capacity he may be serving. I do not believe the burden of taxation should be borne by the farmers, for when you put the burden of taxation on their hands, you do unjustly, and when you hamper the progress of every other business known to civilization.

I Am Opposed to New Tax System.

I am a firm believer in each man bearing his part in taxation; but I do not believe the land owner, merchant and other business enterprises should pay the taxes for the money lords.

I Am For Woman Suffrage.

I fully realize and appreciate the part the women of Kentucky have taken in winning the world-wide war. They left their homes, crossed the sea, filled with the mighty, monster submarine, ever ready and waiting to send their souls into eternity. They braved the battle fields to give aid and comfort to our boys who were fighting for our very existence. Many of these noble women gave their lives in hospitals and on the battle field, that lib-

erty should reign throughout eternity, and if they want to vote, I am with them.

Superfluous Offices.

I believe that many offices are created to give some one a job to pay a political debt, and such offices should be abolished.

Fish and Game Laws.

I believe the fish and game laws should be amended, so as to allow the people more liberty. I believe the people should be allowed to fish in streams filled by the overflow of the Mississippi and Ohio rivers in any way they wish, except by dynamiting.

Conclusion.

I believe that a public officer is only a servant of the people, and at no time will I allow any personal desire to guide me adverse to the wishes and desire of the people whom I have the honor to serve. Having served you one session in the legislature, and having a desire to return again to finish the work I started, now I leave it to you in whom I have placed my faith and ambition, and if you see fit to return me to the legislature, I will ever be grateful to you, and will endeavor at all times to serve you to the best of my ability. I submit to you my hopes and desire.

Yours very truly,
OTE PIPER

PLEADS OWN CASE.

But Game Warden Pierson Fined For Pointing Gun at Gore.

In Judge Stahr's court Monday, Wilfred Pierson, State Deputy Game Warden, was fined \$50 by a jury on charge of pointing a gun at Ben Gore. Mr. Pierson promptly appealed his case to the circuit court.

Mr. Pierson conducted his own case and made an argument before the jury. He successfully established his authority as an officer, admitted having a gun and said he was laying for the party for parties who were illegally shooting ducks in the upper bottom when the plaintiff came along. As it was dark, he did not know plaintiff until within a short distance of him, and had no intention of arresting him, seeing that he had not been hunting. He claimed he did not point the gun at Gore and Gore said he did. The warden flashed a roll of money, that "would choke a crow," before the jury and told them it was not a matter of money with him, but of getting justice and seeing that the laws were enforced.

While the jury in the case was out, Gore was tried on a breach of peace warrant, sworn out by Mr. Pierson, and fined \$1 and costs. The evidence showed that Gore cursed and abused Mr. Pierson when the officer placed him under arrest in Hickman last Saturday, and refused to be arrested by Mr. Pierson.

BOARD NAMED.

Judge Stahr Names Members of New Equalization Board.

County Judge Stahr has announced the names of the three gentlemen who will compose the Fulton County Equalization Board for the year 1919. They are:

W. E. Montgomery, Hickman.
W. H. Brown, Cayce.
R. H. Wade, Fulton.

Those that are familiar with men and affairs of the county will see at a glance that Judge Stahr has made a splendid selection; has named men who are competent, clean and will do the right thing without fear or favor. This is indeed timely, as the forthcoming session of the board will have more than the usual amount of responsibility upon it, since valuations have been largely advanced and complaints will naturally pour in. The board will start its session on the second Monday in March.

ARE PLEASED WITH IT.

The business men and others at Arlington who are provided with light from the new light plant recently installed there are well pleased with it, both as to the service they get and from a standpoint of economy. It is the Delco lighting system, the electricity being stored in a set of large batteries and from there distributed to places where it is needed. Many of the where it is needed. Many of the that as soon as convenient, lights will be installed on the streets. The plant can accommodate three hundred lights.

BARKLEY PRESENTS BILL.

A bill for enforcement of war prohibition was introduced in the House by Representative Barkley, of the First Kentucky District. It provides for the appointment of an officer in the internal revenue bureau to investigate and prosecute violations of the law, and appropriates the sum of \$1,500,000 for this work. Houses where liquor is sold in violation of law would be declared a nuisance to be abated by court injunction. Persons operating such houses would be subject to fine and imprisonment.

KILLING NEAR BARDWELL.

Oliver Fraser was shot and killed instantly Thursday by Millard Copely, a fisherman, of near Bardwell. The shooting occurred in the home of Copely, who, in company with his wife, lives in a hut on the east bank of the Mississippi river. The cause of the shooting has not been ascertained.

It seems that County Tax Commissioner W. T. Caffey is being given the verbal harpoon on account of the recent big advance in tax assessments; especially as regards the boosting of land values. If we are correctly informed, he is merely a cog in a wheel, so to speak, and there is no other alternative for him. A representative from the state department of revenue came down and made a personal inspection of certain sections of the county and then ordered the Commissioner to assess them at approximately so-much-per-acre. Mr. Coffey will have to stand pat and let the state and dissatisfied property owners thresh out the matter of adjustment. As a matter of fact, it has become an annual affair for a Fulton county delegation to appear before the State Equalization Board and beg for a reduction in assessments; an indication that the higher powers are bent on realizing more revenue from this section. Very likely the matter has come to a show-down now.

Can anybody tell us what has become of William Jennings Bryan?

SPECIAL LECTURE.

Native Galilean Will Lecture Here Night of January 19.

Stephen A. Haboush, a native Galilean and a former shepherd, a brilliant young man and a graduate of an American university, will deliver a sermon-lecture at the First Methodist Church, at Hickman, Sunday evening.

DONNELL-HAMBY.

Hickman Couple United in Marriage at Nashville.

The many friends of both parties will doubtless be surprised to learn that Thomas Donnell and Mrs. Lola Hamby were united in marriage at Nashville, Monday of last week, happily consummating a romance of several years.

Tom has a good position in that city with the N. C. & St. L. Ry. Co. Mrs. Hamby left for Nashville a few weeks ago to "make her future residence"—and we are just finding out the reason. Both are well known here and are fine folks. We join their friends in wishing for them all happiness.

FULTON MAN DIES.

Gus Fields, a well known business man of Fulton, died at Phoenix, Ariz., Friday, at the age of 43 years. About two months ago Mr. Fields left home for Los Angeles, Cal., for the benefit of his health, and finding no relief there later went to Phoenix, where his condition had somewhat improved until he was stricken with influenza followed by pneumonia, which caused his death. The remains were brought back to Fulton for burial.

PRICES COMING DOWN.

What is said to be the greatest reduction in the price of muslins since civil war days, was at New York Monday, in the leading lines. The drop ranges from six to nine cents. Reductions of twenty per cent also were announced to the hosiery trade for February, March and April shipments.

BONE DRY LAW HOLDS.

Washington, Jan. 13.—The supreme court held today that the Reed bone dry prohibition amendment prohibits the interstate transportation into dry states of intoxicating liquors for beverage purposes, even when intended for personal use.

There are several cases of flu in Hickman again. Several members of the family of Faris Naifeh have been down for a week; and Mrs. Miller Neighbors, who was called by nurse the sick there, also took it. One physician tells us that it is not likely to permanently subside until warm weather.

Naval guns and gunners placed on American ships to protect them against German submarines, are being removed as rapidly as the vessels reach home ports, according to an announcement of the Shipping Board.

Sergeant Owen, a Fulton boy, died Wednesday morning at Camp Lee, Va., of pneumonia. He was a member of the laundry unit.

For Sale: Red Bull calf, 6 months old, legs only 1 1/2 being full blood; sired by Santa 25629.—J. P. Thomas, R.F.D. 4.

TO KILL DOGS.

Sheriff Walker Will Kill Dogs Not Licensed as Required.

Sheriff Swayne Walker authorizes us to announce that he will begin Feb. 1, 1919, killing all dogs he can find in the county which are not wearing the state license tag; no exceptions to be made. The law makes it his duty to do so. This law also requires, he says, that all dogs wearing the license tag even must be kept up at night. If they are found running at large, they will also be killed. Many folks are negligent about procuring license for dogs; which they prize highly; so you better attend to this matter now. He and his deputies will make war on the illegal canine family after the first of the coming month.

After being closed to the public for nearly two years because of the war, the White House has been reopened to visitors to allow war workers and soldiers a chance to see the historic mansion.

Saturday was a beautiful, balmy, spring-like day and Hickman had one of her old-time Saturday crowds in town.

JUDGE GREGORY.

Is to Get a Commission as Western District Attorney.

W. V. Gregory, of Mayfield, now serving his second term as Judge of Graves county, is slated to succeed Perry B. Miller, of Morgantown, United States Attorney for the Western district of Kentucky, expected soon to resign, was the information obtained at the Department of Justice.

He has been recommended for that position by Senator Beckham, and it is known that the prospective appointment has the endorsement of Senator-elect Stanley.

Mrs. J. W. Stowe, while in the office on business, Monday, told us that she hoped soon to make the amount of the reward she offered for the capture of Lonnie Johnson large enough to make his location a matter of interest of officers throughout the country. It will be remembered that he killed her son, Chester Stowe, was arrested, but later escaped from the county jail and has never been heard from since.

Elsewhere we print a letter from a Fulton county soldier boy who is overseas. He frankly advises his mother not to give the Y. M. C. A. a "son." We note the "Y" is getting a good many knocks from the boys overseas, and "where there is so much smoke, there must be some fire." One of our boys writes his father that the "Y" is always in evidence on pay-day, displaying their wares for sale, and gone when their money is gone. On the other hand, some war work institutions are furnishing the soldiers the little knick-knacks FREE of charge. Can it be true, after the good people have given money to be passed on to the boys in the shape of good things they need, this organization is charging—profiteering—on this fund? We do boys write back that kind of stuff, and why do the army officers, who read and censor their mail, ignore such statements to come back home without there is some truth in it? It is merely isolated and individual cases. It is to be hoped the rascals who enrich themselves at the expense of charity will be looked after and sentenced to a hundred years in the guard-house. There should be no charge for anything for the boys overseas in uniform, who have so gallantly played their part in the world's most bitter struggle that you and I might continue to live in peace and at liberty.

Is there a business man in Hickman who would like to live in a town and county that had no newspaper in it? But how could a newspaper exist if it got no more support than some business men of Hickman give the Courier?

\$60,000 DEAL.

Roper Bros. Sell the Dodds Farm to T. A. Prather, Jr.

Roper Bros.—S. T. J. A. and R. C. Roper—disposed of their farm east of town Tuesday to T. A. Prather, Jr., of State Line. The consideration was \$60,000, the owners realizing a nice profit over the price paid for it last year. The place contains 361 acres and is one of the "show places" of Western Kentucky. It is better known as the Dodds East Farm, and is right up to the minute, being highly improved by Mr. Dodds, who spared no expense to make it an ideal and modern farm home. It is located on the gravel pike, three miles east of Hickman.

DR. JOHN ROWE DEAD.

Dr. John Rowe, well known in this section, died at Charleston, Mo., last Thursday.

Dr. Rowe was born in Carroll county Tennessee, October 18, 1841. His parents resided on a farm and here he remained until 1862, when he enlisted in the Union army as a member of Company B, Seventh Tennessee Cavalry, under Col. I. R. Hawkins. He was captured in the battle of Union City, and made his escape the first night after, without hat or shoes, his whereabouts being concealed by his friends. He afterwards went to Columbus, Ky., dressed in Confederate uniform. In the second year of his service, he began reading medicine, and was mustered out in 1865 as brevet assistant surgeon.

Chas. Glover, a well known citizen of Number Ten, died on January 4, after an illness of some duration. Mr. Glover is survived by a brother, Fat Glover, and a sister, Mrs. Martin Maupin, two sons and two daughters.

E. E. Harvey was her on business yesterday. He tells us that he and his son-in-law, T. Henry, have purchased a site which will put in an ice plant and bottling works at New Madrid.

Mrs. Lucy A. Cherry, widow of the late J. W. Cherry (old-time citizen of Union City), died at the home of her son, Mr. Pete Cherry, Garden City, La., January 4th.

Mrs. Shirley Clure, Sr., and daughter-in-law, Mrs. Shirley Clure, Jr., returned Saturday from two weeks visit with relatives in Henderson, Ky.

FINE SHOWING.

Sheriff Walker Breaks Record in Getting the "Long Green."

Sheriff Swayne Walker, probably the youngest sheriff in Kentucky, deserves special credit for the able manner in which he has collected up the taxes and passed the coin on to the various departments to which it belongs. If we are correctly informed, he has made the best collections of any sheriff that ever served the county.

His disbursement records show that he has paid over money as follows, with yet a considerable balance on hand:

State fund	\$31,500
Common Schools	8,500
Hickman College	3,000
County	32,000
Levee fund	7,500
Colored Schools	100
Dog tax (state)	230

If "by their fruits ye shall know them"—well, enough said. Here is proof that Sheriff Walker is on the job.

NEW GARAGE.

Jones & Son, of Cayce, Lease New Ward Building.

E. B. Jones and son, J. E. Jones, late of Cayce, but formerly of Waverly, Tenn., have leased the big, new J. W. Ward building, which was constructed for a garage, and will open next week for general automobile repair and general garage work. Mr. Jones is a mechanic, but they plan to get another first class man at once. The firm will run under the name of Jones & Son.

RESOLUTIONS OF RESPECT.

Whereas: It has pleased Almighty God, in his infinite wisdom to remove from our midst on the 7th day of December, 1918, our beloved brother W. J. Spradlin.

Be it resolved that by his untimely death, Hickman Lodge No. 761, F. & A. M., has lost a true friend and a faithful brother, and his family a loving father, and a faithful and devoted husband, and the town and community a brave, loyal and patriotic citizen.

Resolved that we cherish the memory of our departed brother as his life was an example of the principles of this order.

Resolved that the Hickman Lodge No. 761, F. & A. M., desires to express to his bereaved family our deepest sympathy in the hour of grief and bereavement, and that the assurance of affection and respect will always accompany his memory.

Resolved that a copy of these resolutions be spread upon the minute book of our lodge, a copy published in the Hickman Courier, and a copy mailed to the family of the deceased brother.

Dave Bright, the popular editor of the East Prairie (Mo.) Eagle, has taken on a side-line. With a 30-acre plantation, he has embarked in the poultry business on an extensive scale. He has a \$50 rooster imported direct from London—to head his "herd." Incidentally, he's kept busy gathering up 35 dozen eggs daily, which he is shipping to New York at 95c a dozen. Why should Dave worry about the high price of paper and printer's ink?

We understand that J. W. Mayes, the hustling and progressive young breeder of Hampshire hogs and other blooded stock, has a 1,000 pound two-year-old Hampshire hog among his herds on his farm near Hickman. Jim did not tell us this—he is too modest to seek notoriety—but if he has a pig of those dimensions—well, it's some hog.

PRAISES OTE PIPER.

The Hon. Ote Piper, of Clinton, Ky., a member of the last legislature, is the owner of a large nursery in his home county and well represented the agricultural and horticultural interests of not only his district but of the entire State.

Mr. Piper made a great fight for a general fish bill—to fish and seine in navigable and non-navigable streams throughout the State. Assisted by his friends, he succeeded in passing this bill through the House by an overwhelming majority. The bill was then reported to the Senate, where several amendments were made. The bill finally passed the House with its modifications.

He also succeeded in passing through the House a rabbit bill which made it lawful to kill a rabbit any day in the year anywhere found.

Mr. Piper always used his influence and efforts in behalf of the farmer and laboring man. You had as well try to butt a steam engine off the track as to swerve this man from his line of duty in behalf of his constituency.—Anderson News.

POLENTA RECIPE.

1 cup corn meal.
3 cups water.
1½ cups grated cheese.
1 cup tomato juice.
2 tablespoons fat.
3 tablespoons chopped onion.
Salt and pepper.
Make a mush of the corn meal and water, cook the remaining ingredients except the cheese until onion is done. Mix the mush, cheese and tomato mixture together and pour into baking dish and bake until cheese is melted.

ANNOUNCEMENT OF JOHN D. CARROLL

Candidate for Democratic Nomination for Governor.

Because of that most excellent law which limits a candidate for Governor to \$10,000 or about \$10,000, it has been necessary to print my complete announcement in pamphlet form, and it will be distributed throughout the State. It contains a full statement of my views on public questions, and I would like to see a copy in the hands of every Democratic voter. In this brief space, I have attempted to summarize the more important subjects touched on in that pamphlet, which will be sent to anyone requesting it.

Liquor Question.

I will vote for and support the Amendment to the Constitution to

JOHN D. CARROLL, New Castle.

prohibit the manufacture, sale and transportation of spirituous, vinous, malt and other intoxicating liquors. If elected, I will honestly and earnestly use all legitimate efforts to make effective by legislation the letter as well as the spirit of this amendment.

Woman Suffrage.

Should the proposed Amendment to the Constitution be adopted by Congress, I will favor ratification by the Kentucky Legislature. If this amendment does not pass Congress, I favor submitting an amendment to the Constitution of Kentucky conferring suffrage upon women, and will vote for it.

Education.

I have always been, and am now, devotedly attached to the Common School System. I am heartily in favor of making a simple provision to secure for every child in the State an opportunity to obtain at least a good common school education. Furthermore, every effort ought to be directed to the enforcement of the compulsory school law so that every child within school years may be required to attend some school.

Public Roads.

I favor thorough co-ordination between State and county effort in road work so that good results may be obtained from the expenditure of State funds.

Agriculture.

As the chief wealth of our State is found in its agriculture, I favor putting the State Agricultural Department on such a financial basis as will enable it to render to the farmers of the State the most efficient and practical service.

New Tax Law.

The principle of classification of property and imposition of a different rate of taxation should not, in my judgment, be changed until a fair trial has demonstrated its injustice. Such inequalities as may be in the present law should be cured by proper legislation.

State Debt.

The State debt should not be permitted to grow larger, and I would veto all appropriations in excess of revenue and try to arrange the affairs

of the State so the present indebtedness may be retired without increasing taxes.

Labor.

Being a friend of labor and sympathizing with every legitimate effort to better living conditions, I favor such legislation as will promote the comfort and prosperity of the wage earner.

Law and Order.

Confident that the supremacy of law and preservation of order are indispensable to our peace and happiness, I am and always have been a strong advocate of speedy and vigorous enforcement of law. I abhor mob law and am gratified that there will be submitted to the voters at the November election an amendment to the Constitution providing for the removal of any Peace Officer for neglect of duty. I will vote for this amendment and if elected will urge the Legislature to enact suitable laws for its enforcement.

Pardons.

I think the power to pardon should be sparingly exercised and pardon granted only when the ends of justice demand it.

Nonpartisan Judiciary.

The integrity and freedom from partisan bias of the judiciary of the State is a matter for congratulation to every citizen. I believe, however, that the judiciary should be nonpartisan to the end there may not even be a suspicion that their judgment was warped by partisan feeling.

Nonpartisan Institutions.

Our public institutions should be honestly and absolutely divorced from partisan politics. Faithful and competent men should not be removed for partisan purposes or political reasons.

Fair Elections—Corrupt Practice Act. Our Corrupt Practice Act is a long and fine step toward preventing bribery because it limits the sum that a candidate may spend. The provisions of this act I intend to observe strictly, according to its letter as well as its spirit, although so doing will necessarily deprive me of the benefit of much legitimate letter writing and helpful advertising.

Independent Vote.

If the Democratic party desires to win it must nominate candidates who can secure the independent vote. The Democrats should nominate that man, whether it be myself or another, who can poll the largest vote in the November election.

Business Administration.

Believing that the State may be likened to a big business corporation, I shall favor its business being conducted as nearly as possible in the same economical and efficient manner as the affairs of a large and well-managed business concern. I will devote all my time and attention to looking after State business, having no other ambition than that of being known as a business Governor, and during the term shall not be a candidate.

Where Candidate Lives.

The section of the State that candidates come from is not material. Stanley, from Western Kentucky, received in the State 4,126 more votes than Black, from Eastern Kentucky, and in two of the thirty-one mountain counties the vote was a tie between them. In twenty-two of the thirty-nine Stanley got a majority over Black.

Soldiers' Monument.

To perpetuate the heroic deeds of our soldiers who gave their lives for the honor and safety of their State and Nation and are now sleeping in foreign lands, I advocate the erection of a noble monument that will be enduring evidence of the grateful remembrance we who are living hold the names and memory of those who have died.

Conclusion.

In this brief statement, I have set forth the principles I believe in and shall advocate, and in the primary election I respectfully ask the support of those Democrats who indorse my position and who believe, if nominated and elected, I will honestly endeavor to put them into effective form.

JOHN D. CARROLL.

COUNTRY CLUB.

Hickman Business Men Are Preparing to Organize One.

Several of the leading business men of Hickman are waxing enthusiastic over the proposition of organizing a country club here. Preliminary plans have already started, and, in the absence of anything else in its line, the project stands a good chance of realization.

As the name would indicate, the club would have a country place for its home and headquarters adjacent to Hickman, where out-of-door games could be enjoyed, as well as private entertainments and social functions at the club house. There would be children's play-grounds, swimming pools, bath, kitchenette, and dozens of other features for enjoyment. Something like 25 acres will be needed to provide grounds for golf links, tennis, etc. Our understanding is the entrance fee will be around \$100, with probably something like \$25 per annum dues, and a membership of about fifty will be necessary to make it a go. There are a goodly number of suitable sites to select from, and, if the organization is perfected, these will be investigated by a committee in their order of convenience and adaptability. The promoters are very optimistic in their hopes of putting the country club "over the top." And Hickman certainly needs something on this order.

FINED \$26.50 EACH.

Sid Miller, Cloyd Mansfield and John Shannon were fined \$26.50 each in Police Court this week on charge of gambling. The officers, it seems, flushed a little game of crack-a-loo at Miller's home Sunday.

Mr. Oscar Asbell who has been sick for such a long time, died Saturday night at 4 o'clock. He was buried Monday afternoon at Ebenezer cemetery, the services being conducted by Rev. W. T. Holly. He was a fine young man and will be greatly missed by his friends and relatives.

SEVEN MORE LINE UP.

Ratification Tuesday of the prohibition constitutional amendment by seven states brought the number which have ratified to 30. Favorable action by 30 States is necessary to incorporate the amendment in the constitution.

The states which took this action were North Carolina, Arkansas, Kansas, Illinois, Indiana, California and Alabama.

Ratification by six more states would make the whole country bone dry, unless the distillers are successful in proving in court that the laws of 15 of these States require a vote of the people for ratification.

CIRCUIT COURT.

Several Suits of Interest Filed Since Last Report.

In the last minute rush to file suits in time to get on the January docket, the following new suits have been filed with Circuit Clerk Hampton: Jno. R. and Delbert Choate vs. N. C. & St. L. Ry. Co. Plaintiffs claim the defendant company was too long getting a shipment of hogs and cattle from Hickman to East St. Louis, and they were materially damaged as a result. They claim the hogs shrank in weight 1,500 pounds and the cattle 700. At prevailing market prices, plus other expenses, their damage is calculated at \$605.63.

J. J. Wells vs. G. B. Terrett. Plaintiff states that defendant on Dec. 7th unlawfully, wrongfully and maliciously beat, bruised and assaulted plaintiff about the head, face and body, using his fists, and rendering him unconscious, et cetera, and that he was just recovering from an illness of influenza. He asks damages in the sum of \$5,000. Hickman Bank & Trust Co. vs. M. B. Shaw and J. R. Bryant. Suit on a note.

F. K. Bradley vs. Mary F. Preuett. Suit to settle up an estate.

Jos. S. Creed, Admr., vs. Belle Heatherly. Suit on note.

Mitchell Wright and wife returned home yesterday from St. Louis. Mitchell, who has until recently been with the colors, went to the city to see if he could get back his old job with the express company—but nothing doing. It begins to look like the ex-soldiers are up against it. Mr. Wright tells us there are thousands of idle ones in St. Louis seeking employment. Is this the square deal for the boys who left their work to fight for us? Will they continue to turn away their old employers because they can get other labor for less money? It seems now a question of dividends rather than patriotism.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound cured any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

CARDUI

The Woman's Tonic

Mrs. N. E. Varner, of Hixson, Tenn., writes: "I was passing through the worst of times. My back and sides were terrible, and my suffering indescribable. I can't tell just how and where I hurt, about all over, I think. I began Cardui, and my pains grew less and less, until I was cured. I am remarkably strong for a woman 64 years of age. I do all my housework. Try Cardui, today. E-76

FOOD BANS WITHDRAWN.

Food license requirements under the food control act have been withdrawn from all food commodities except those fundamentally essential by a proclamation of President Wilson dated January 10, the food administration announced.

Importers, manufacturers and distributors of wheat, oats, rye, barley, fresh or cured beef, pork or mutton, peanuts, cotton seed and products, butter, cheese, eggs, sugar, near beer and other similar cereal beverages, butter substitutes and all animal or vegetable fats and oils will continue to operate under license.

The proclamation sweeps aside all restraints upon trade in a wide variety of foodstuffs, including poultry, fruits, bread and pastry, beans and a number of cereals and vegetables not included in the licensed list.

Groceries.—Bettsworth.

DEAR OLD DAD.

Oh! father is a hero, worthy of the fame of Nero; he's a martyr and a lion and a prince; he will spend his hard earned money, with a disposition sunny, and he'll shovel forth the coin without a winch. He will send his son to college, hoping that some useful knowledge will find lodgment in his hard and empty dome. And he'll work until his knuckles shine and glisten like brass buckles, just to keep things running smoothly in the home. He will dress his pretty daughter in a way that papas "oughter" till she rivals both a princess and a queen; when a dollar to a shilling, he will dig his pockets drilling for a dime to fill his jimmy pipe.

"An empty pocket maketh a full heart." That is alright and fine for the charity worker to claim, but it is not acceptable to the merchant at the close of the day.

If we are correctly informed, a few years back the west end of Fulton county had splendid apple orchards and apples were shipped from Hickman by the car load. For some reason or other this business has practically played out, and today we are large importers instead of exporters. The climate and the topography are favorable to apple growing; this has been amply demonstrated by the orchards that were, and it is a shame that we do not produce enough for our own consumption. We need good orchards on some of our worn, washing, barren hillsides; it would give employment to labor, to provide the returns on land that will build good houses and fences, to provide the values upon which taxes for good schools and good roads may be levied, to transform broken down countryside into thickly populated thriving communities, to bring the comforts and luxuries of life where there is nothing but hardship and poverty, to make thinly settled "pauper" sections in the county a match for the uplands of Oregon and New York, where good methods of apple growing are in vogue; a match for the orchard lands of the Shenandoah Valley and the highlands of Albemarle county. We would like to see our county agent get in behind this matter. It would be a blessing to the owners of some of our abandoned, run-down, half-worked pieces of land in this county. As for that matter, there are enough uncultivated, unkept, grown-up-in-bushes fence rows in the county to produce more fruit than our 15,000 people could consume.

FRIDAY COURIER-JOURNAL

CHERRY INDORSED BY HIS HOME PEOPLE

Great Assembly Cheer the Noted Educator and Adopt Stirring Resolutions Endorsing His Candidacy for Governor.

A great mass meeting was held at Bowling Green on Saturday, December 28th, to endorse the candidacy of Dr. H. H. Cherry for the Democratic nomination for Governor. It was an enthusiastic meeting, and one which showed that the people of his native county, among whom he has lived and worked all his life, appreciate his qualities of life and leadership.

Dr. H. H. CHERRY, Bowling Green.

and are back of his candidacy. Mr. Morgan Hughes, a fellow-townsmen of Dr. Cherry, and a noted western Kentucky farmer, reported as chairman of the Committee on Resolutions, the following resolutions, which were unanimously and enthusiastically adopted:

"The Democrats of Warren county, hailing from every precinct within her borders, in mass meeting assembled do hereby confidently and enthusiastically commend to the Democracy of the Commonwealth of Kentucky, the candidacy of H. H. Cherry, who seeks his party's nomination as its candidate for Governor, at the primary election to be held on August 2, 1919. Dr. Cherry was born and reared in Warren county, springing from a Christian family of hardy pioneers. Here he has spent his life. Here he has risen by his unaided efforts from a humble farmer-lad to become the head of a great educational institution, in which the people everywhere feel a justified pride; and from here his influence for good has radiated throughout the entire State. Every forward-looking movement for the credit of the State and the welfare of the people has always had in

him an earnest and effective champion. Every moral issue which has arisen has always found him on the right side. Every progressive measure which has been proposed, whether for governmental efficiency, educational expansion, agricultural betterment, or purity in politics, has always received his unflinching support. He is an earnest and life-long Democrat, who has hitherto been content to be a worker in the ranks. His excellent ability, tried through years of experience, and tested by many difficulties, is of the highest order. Personally honest, politically incorruptible, trained in the difficult work of intelligent and effective leadership, he is eminently qualified to fill the office of Governor, with credit alike to himself and to the Commonwealth. We, his fellow-county men, earnestly endorse his candidacy, and confidently bespeak for him the generous support of every Democrat everywhere throughout the entire State."

Dr. Cherry has issued a progressive program. In his announcement he states that he submits his desires to the people, and under no circumstances will he be a candidate of any political faction. He stands for perfecting the tax and road laws; for organizing the finances of the State upon a sound, equitable and just basis; for economy and efficiency in all departments of State government; for the elimination of every useless job and all forms of waste; for local, State and National prohibition; for the right of suffrage for the women of the State equally with the men; for safeguarding and promoting the rights of the laboring man; for better rural schools; for better health conditions; for a non-partisan judiciary, and, for the non-partisan management of charitable and penal institutions, free from all political influences. He also endorses reforms along other vital lines. He believes that capital should be encouraged to come within our borders; that labor should be secured and receive fair treatment and just compensation; that education should drive illiteracy from the State and agriculture, which is the basis of our wealth, should be fostered and raised to the highest degree of efficiency. He declares that Kentucky needs more fields of alfalfa, more agricultural implements and other things, and less political bismuth.

If you endorse this character of a man and the principles he advocates, Dr. Cherry would value your support, and if you feel like writing him, he would greatly appreciate hearing from you.

SOLDIER WRITES

His Reference to Y. M. C. A. Not Very Complimentary.

Phillip Graves, son of Mrs. Georgia Graves, of near Hickman, writes his mother from Belgium as follows: "Well, I have not been in France in several months. I was in Belgium when the armistice was signed. We are supposed to be in a neutral country now, and are on the Meuse river, where we can easily see the defeated German army retreating to the Rhine. I will be in Koblenz, on the Rhine river long before you receive this. "Everything here is very high. You could buy as much in the States for one cent as you can for a dollar here. There is plenty of soap and girls. We do as we please. I saw John Kemp in the Verdun front. It is the best fortified city in France. The French lost 400,000 defending it. I saw one dug-out that would hold 100,000 soldiers. I have been in six different countries since I left home. Today is my third Thanksgiving dinner to eat in the army. "Out of a company of 240 that came over with me, there are now only 19 of us; the rest have been killed. I was in five battles that will go down in history, and in the trenches several times. I can come back to the States most any time but think this country alright now. Well, mother, I want lots to tell you in the future about this war; but never give the Y. M. C. A. a son; it is a d—fake. I am figuring on seeing the statue of liberty before the roses bloom again. I will write and tell you about the "square heads" I am to guard on the river Rhine, etc."

The fire toll of the United States annually is 15,000 lives and \$250,000,000 according to statistics read at a meeting of the Fire Marshals' Association of North America.

FOOT AMPUTATED.

Prominent Young Matron Victim of Flu Complications.

Her many friends will be sorry to learn that Mrs. Lee Davis (daughter of Mrs. Fannie Henry) was forced, on account of complications, to have one of her feet amputated. The operation was done at a hospital in Cairo, Friday, and she is thought to be getting along nicely. It was necessary to make the amputation between the knee and ankle.

For some time Mrs. Davis has been ill with another trouble when she suffered an attack of flu. The flu, resulting in the aggravation settling in her foot and the attending physicians could not prevent the ultimate outcome.

Mrs. Davis is one of the most popular young matrons of the Rush Creek neighborhood.

MILK IN WINTER.

Why do your cows give less milk in winter than they do in summer? Just because nature does not supply them with grasses and green food. But we have come to the assistance of Dame Nature with B. A. Thomas' Stock Remedy which contains the very ingredients that the green feed supplies in season, only, of course, in a more highly concentrated form. We guarantee that this remedy will make your cows give more milk, and better milk, with the same feed.—F. E. Case. Adv.

After you have won an argument fair and square, don't it make you mad for the other fellow to go away and dig up a lot of figures that prove that he was right and you were wrong?

PERUNA A WONDERFUL MEDICINE

Rundown and Unable to Work

"I am pleased to recommend Peruna as it was beneficial in restoring my health when I was all run down from overwork and nervous worry and was unable to take up my regular work. A friend recommended Peruna and said he was sure that it would restore my strength. I soon found that I was getting better and in a little over two months I was able to resume my duties with renewed vigor and strength. It certainly is a wonderful medicine to vitalize the system."

SMALL TIMBER FOR SALE.

I have 120 acres of land one mile from railroad being cleared, 80 acres of which is already cleared but has lots of trees still standing on it already deadened last July, while 40 acres of it is slashed, that is, the best stuff is still standing but deadened, while all the small and worthless stuff is cut down on the ground to die and be easily cleared. Now there is about 200,000 feet of this for small saw mill or soft wood ties, framing, crating or heading and a large amount of stave blocks could be cut from the small and crooked logs. I will sell this timber at a very low figure on the stump, to get rid of it and the tops on the 80 acres in the spring in time to plant corn in April or May, and a year more time on the 40 acres. I would be glad to hear from owner of good little saw mill and engine to rent or sell cheap or who could saw this and market it, giving me about one-third or less of the sale proceeds.

Mrs. Nora G. Powell has returned from an extended visit with relatives at Columbia, Mo.

Agreement that the first full session of the peace conference will be held Saturday, January 18th, was reached by the Supreme War Council at its meeting Tuesday, according to an official communication. The meeting also reached agreement as to the terms of the renewal of the armistice.

The members of the C. L. S. Club and a number of others were entertained on Monday evening by Mrs. Mack Reid at three tables of "500" and Rook. A salad course and grape juice were served. The guests were: Misses Irene Thompson, Bess Thompson, Carmen Crawford, Effie Bruff, Ola Monan, Dorothy Smith, Lula Mary Douglass, Frankie Reid, Carrie May Reid, Marguerite Fugus; and Mesdames Austin Voorhees, Amos Matheeny, George Hadley, and Bruce Powell.

VINOL CREATES STRENGTH

Positive—Convincing Proof

It is all very well to make claims, but can they be proven? We publish the formula of Vinol to prove the statements we make about it.

It is Cod Liver and Beef Peptones, Iron and Manganese Phosphates, Iron and Manganese Citrate, Lime and Soda Glycophosphates, Casein.

Any doctor will tell you that the ingredients of Vinol as published above, combine the very elements needed to make strength.

All weak, run-down, overworked nervous men and women may prove this at our expense.

There is nothing like Vinol to restore strength and vitality to feeble old people, delicate children and all persons who need more strength.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection.

MORE FLU.

Several New Cases Reported in This Section Again.

In view of the fact that several new cases of Spanish influenza have developed in Hickman and vicinity, City and County Health officers again call attention to the importance of being inoculated with the Roseow-Mayo Vaccine, which is being given free to all school children, with parents' consent. Dr. J. M. McCormick, of the State Board of Health, urges everyone to take the treatment. This vaccine is furnished by U. S. Health Department free of charge—and is not a catch-penny matter.

As to its value the following authentic statement is given to the public:

"As to the preventive value of the inoculation, the records in the office of the Surgeon General of the army dealing with a division of 27,000 troops in the early stages of the epidemic, show that of 12,000 men who received the inoculation 8 developed pneumonia, with no deaths; of 15,000 not inoculated, 800 developed pneumonia, with 120 deaths. The Equitable Life Insurance Company reports its use in 20,000 of its policy holders and their families, and the Mayo clinic reports its use in 20,000 cases, each without a death. At the Homestead Steel Works, near Pittsburgh of 7,651 employees, of 1,687 who were not inoculated, 538 developed pneumonia and 42 died; of 4,720 who were inoculated 66 developed the disease with no deaths. Many similar experiences might be given if space permitted. Not a single case of harm from its use has been reported."

CHRISTIAN CHURCH.

(Services at Court House.)

So many people say they can not get to Sunday school on time, when they can go most anywhere else two hours earlier. Well, last Sunday we began at 9:30, had 88 in Sunday school and only one tardy. If you do not go to Sunday school, then get into the contest and come with us. The women are a little ahead but can not stay there long. If you make the excuse that you belong to some other church and prefer some other Sunday school, then get ready Sunday morning and make your pastor and Sunday school superintendent glad with your presence and interest in the religious work of the town. "Let your light so shine before men that they may see your good works." Morning sermon at 10:30. Sermon subject, "How to make a church go." At night we will go to the Methodist church to hear "The Shepherd of Galilee"—E. L. Milley, Pastor.

John Harper, of Flagstaff, Ariz., was here Tuesday. He was called home on account of the illness of his mother, at Woodland Mills, who is now convalescent.

Jack Sutton is home from New York on a 15-day furlough. He was on one of the ships that convoyed the Presidential party on the Geo. Washington.

HANNAH NOONON AT REST.

Hannah Noonon, one of Rush Creek's leading girls, died at the family residence, Monday January 6, after a two-days illness caused by a burn.

Hannah is survived by her father and mother, Mr. and Mrs. Chas. Noonon of near Cayce, three sisters, Mrs. Iva Lee Redman, of Hickman, Charlie and Mary, and a little brother, Edwin. Her older brother, Tommie, preceding her to the grave about six years.

The funeral services were held on Tuesday afternoon, January 7th, by Rev. W. T. Holly at the Rush Creek church.

She was a faithful member of the Rush Creek church, and a feature of admiration in the home. It seemed to be her desire to live worthily while she was alive, and after her death to leave her memory in good works.

Yes, it seems lonesome without her, but we know that God knows best. She is not lost to us, but gone before to welcome us when we get home.

Near shady wall a rose once grew, Bedded and blossomed in God's free light; Watered and fed by morning dew, Shedded its sweetness day and night.

And it grew and blossomed fair and tall, Slowly rising to loftier height; It came to a crevice in the wall, Thro' which there shone a beam of light.

Onward it crept with added strength With never a thought of fear or pride, It followed the light thro' the crevice's length, And unfolded itself on the other side.

The light, the dew, the broadening view, Were found the same as they were before; And it lost itself in beauties new, Breathing in fragrance more and more.

Shall claim of death cause us to grieve, And make our courage faint or fall? Nay! let us faith and hope receive! The rose still grows beyond the wall.

Scattering fragrance far and wide, Just as it did in the days of yore, Just as it did on the other side, Just as it will forever more.

(Her cousin.)

FIRST BAPTIST CHURCH.

Two fine services last Sunday, good congregations at both hours, and everybody happy. You were not there? Too bad. So you missed it all! Well, you will come next Sunday, won't you? That's right! Services at 11 a. m.

The evening service will be called off so we can all hear the speaker at the Methodist church. We elected officers in the Sunday school last Sunday, good ones, too; and we took a new hold on the work. You didn't know that, either? Well, how you will let a little Sunday morning nap keep you from enjoying such meetings is hard to understand. You'll be there next Sunday, I know. Come at 9:45 a. m.

The Bereans are fine fellows, Why don't you join them? Their class meets with the Sunday school.—H. M. Crain, Pastor.

SHELTON AT PORTO RICO.

Our valued young friend Roy P. Shelton, of the U. S. Naval Radio Station at Cayce, Porto Rico, writes us as follows:

"Since getting stationed at one place for a while I am subscribing for my home paper which I appreciate so much and have been missing since being on the move so much.

Inclosed you will find a check for one dollar and twenty-five cents for which please send me the paper for one year.

Since graduating at the Naval Radio School at Harvard University, have been sent here to help install a radio station which has towers of 618 feet and will be one of the most powerful in the world and will work with ease for 4000 to 5000 miles.

This is a fine place about 1400 feet above sea level and almost as modern as any part of the States, and I am well pleased. This is a pleasant climate and about the same temperature the year round.

Oranges and bananas grow all around here on mountain sides.

I know you are interested as well as myself, there is one American F. & A. M. Lodge on this island and it is as fine as any I have seen in the States any place. It is located at San Juan, seventeen miles from here."

BIG SAWMILL.

May Go to East Prairie to Work Up Three States Timber.

The Charleston Courier-Enterprise says:

According to rumors current in Charleston this week, the Three States Lumber Co., of Memphis, Tenn., has decided to establish a big saw-mill and lumber plant at East Prairie, and to start at once the work of clearing up the big body of hardwood timber in the country between East Prairie and Hickman, Ky. The authenticity of the reports could not be verified by the Enterprise-Courier, but the probable truth is confirmed by the fact that engineers have been at work in the Gilchrist lands for several months making preliminary arrangements for the development of these vast tracts.

Should the report be true, the establishment of the mill at East Prairie would double the population of the town, inasmuch as the lumber company has been planning the development for many years, employing at least 500 men. A railroad would also be built from East Prairie south, probably to a point on the river opposite Hickman, with branches to the various tracts which are to be developed. The magnitude of the enterprise is attested by the fact one tract alone contains 30,000 acres of hardwood timber. The rumor received here is to the effect that the Three States Company is to receive a mill-site of ten acres and other encouragement from East Prairie business interests.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Bargains: New Perfection Oil Stove, Folding bed, Mattress and Springs, Dresser, Kitchen Cabinet, Rocker, etc., all good as new; price tag attached. Can examine same at residence of Miss Jessie Outten, near Methodist church.—W. C. Porter.

The will of Col. Roosevelt was read to the family Friday. According to the attorney for the family, the estate, which is estimated to be worth \$500,000, is left to Mrs. Roosevelt.

FOUR DROWN.

Part of Str. Sprague's Crew Lost at Cairo Sunday.

Cairo, Ill., Jan. 13.—Four men were drowned and eight others narrowly escaped death about eight o'clock last evening, when the launch in which they were coming from the Towboat Sprague to Cairo, capsized. The dead are: Robert Green, white, of Cairo; Joe King, white, of Paducah; Willie Washington, colored, of Cairo; Ernest Holmes, colored, home unknown. The men had just started to Cairo from fleet which is tied up below the Big Four incline, when something happened to the engine. A yawl was being towed at the time and this probably caused the launch to get out of control so quickly.

As the men saw the launch being sucked toward one of the barges of the tow, they became excited and rushed toward the side of the boat, causing it to capsize.

Eight of the men succeeded in grasping the side of the boat but the other four were sucked quickly under the barge and were never seen again.

Owing to the present high stage of the river, there is very little hope of recovering the bodies of the men. Until that time nothing can be done in the way of an official investigation.

Mrs. Bessie Linton, of Fulton, who has been visiting her sister, Mrs. C. T. Rutter, has gone to Jackson, Tenn., to finish her business course. Her children will remain here with their aunt, Mrs. Rutter, during her absence.

D. N. McDermott, of Clinton, well known here as traveling representative of Anderson Tylarling Co., died Saturday of kidney and heart trouble and was buried at his home town.

Attorney General Thomas W. Gregory will retire from office on March 4 next, his resignation having been accepted by President Wilson.

Word Harper, who has been in the navy for several months, has been released and arrived here Sunday night from Pensacola, Florida.

Ben Briggs returned on Thursday of last week from Newport News where he has been stationed for several months.

150 pairs Ladies' Shoes, in black, lace and button, fair run of sizes, sold up to \$5.00, closing out at \$2.98 at Dobson's.

S. H. Hinton, wife and baby have returned from a visit with Mr. Hinton's parents at Collierville, Tenn.

C. G. Schlenker and wife went to St. Louis Monday night for a few days visit.

BOB WEBB DEAD.

Bob Webb, age 43 years, died at the home of his sister, Mrs. Daniels, in East Hickman, Sunday, following a prolonged illness of tuberculosis. In his day of activity he was a farmer.

He is survived by two sisters and three brothers—Henry and Will Webb, but we failed to learn the name of the other two sisters.

The body was interred at Brownsville cemetery Monday.

Hubbard Newton was home on a short furlough since our last issue and visited his father, G. W. Newton. Hubbard is stationed at Camp Knox.

Miss Virginia Crain spent Saturday and Sunday with friends in Martin, Tenn.

Miss Dale Burrus spent Saturday and Sunday with Mrs. Dee Reid and family.

G. A. Campbell has been employed as janitor at the court house.

AND THAT'S THE REASON.

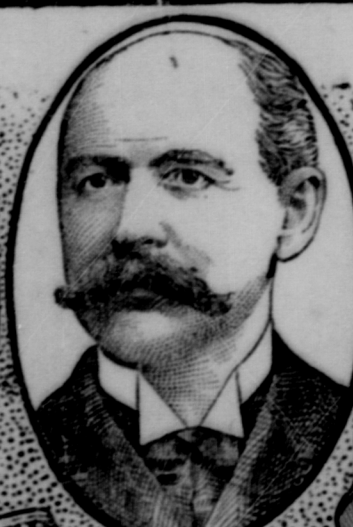

The Hickman Courier says that the "blue ribbon" for the best Irish potatoes should go to Will T. Barton, whose yield was at the rate of 400 bushels to the acre. The potatoes were planted July 1 and dug November 1. They were grown in the delta land west of Hickman. Mr. Barton is a Hickman county boy, and got his knowledge of potato culture first hand near the county seat of Hickman.—Clinton Gazette.

But we haven't heard any more about that old train being put back. What's the matter, R. B.?

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like
dynamite on your liver.

Calomel loses you a day! You know
what calomel is. It's mercury; quick-
silver. Calomel is dangerous. It
crashes into your bile like dynamite,
cramping and sickening you. Calomel
attacks the bones and should never be
put into your system.

When you feel bilious, sluggish, con-
stipated and all knocked out and be-
lieve you need a dose of dangerous
calomel just remember that your drug-
gist sells for a few cents a large bottle
of Dodson's Liver Tonic, which is en-
tirely vegetable and pleasant to take
and is a perfect substitute for calo-
mel. It is guaranteed to start your
liver without stirring you up inside,
and can not salivate.

Don't take calomel! It makes you
sick the next day; it loses you a day's
work. Dodson's Liver Tonic straight-
ens you right up and you feel great.
Give it to the children because it is
perfectly harmless and don't gripe.
adv.

have returned to Fulton after a visit
to Mrs. C. T. Rutter.

PAPER IS SHORT.

Prediction Made Paper Cannot be
Had at Any Price.

Instead of the paper situation im-
proving as a result of the cessation of
hostilities, it is getting worse. The
Federal Trade Commission is frank to
say it sees no way 'round; that news-
paper publishers are simply facing a
paper famine—regardless of price—
and it looks like many of them will be
forced into temporary suspension. On
this subject the Publishers' Auxiliary
says:

"It is on the cards—and this is the
view not of pessimists, but of publish-
ers keenly observant—that the year
1919 will see a large number of news-
paper properties, small only as com-
pared with the great metropolitan
dailies, either closing their plants be-
cause they cannot get supplies or news-
paper at any price, or combining with
others in the same locality for the
same reason. This without consider-
ation of the other factors that have
greatly enhanced the cost of produc-
tion of a newspaper."

ative.

LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative

and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive

MAN'S BEST TEMPERATURE.

Let us consider temperature for a
moment. Scientists have discovered
that every living creature, whether it
be plant, animal or man, has what is
technically called an optimum tempera-
ture. This simply means a tempera-
ture at which it is at its best. Above
or below this temperature an animal,
for instance, cannot run so fast, digest
its food so well, nor fight so vigorously
as when the thermometer is at this
particular point. Different activities,
however, may be at their best at dif-
ferent temperatures. Thus in man
the optimum or best temperature for
physical activity is 63 or 64 degrees
F., while for mental activity the opti-
mum is much lower—perhaps as low as
40 degrees and quite surely not above
50 degrees. Thus in order that both
our minds and bodies may be in the
best possible condition we need to live
in air that averages as low as 40 de-
grees part of the year and as high as
64 degrees at other times.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR.

Make this beauty lotion for a few
cents and see for yourself.

What girl or woman hasn't heard of
lemon juice to remove complexion
blemishes; to whiten the skin and to
bring out the roses, the freshness and
the hidden beauty? But lemon juice
alone is acid, therefore irritating, and
should be mixed with orchard white
this way. Strain through a fine cloth
the juice of two fresh lemons into a
bottle containing about three ounces
of orchard white, then shake well and
you have a whole quart of skin and
complexion lotion at about the
cost one usually pays for a small jar
of ordinary cold cream. Be sure to
strain the lemon juice so no pulp gets
into the bottle, then this lotion will
remain pure and fresh for months.
When applied daily to the face, neck,
arms and hands it should help to
bleach, clear, smoothen and beautify
the skin.

Any druggist will supply three ounces
of orchard white at very little cost
and the grocer has the lemons. adv.

itself convincing evidence of merit.
Confirmed testimony of still stronger
evidence. Years ago, a citizen of

the proof more convincing. Cases
of this kind are plentiful in the work
of Doan's Kidney Pills—the record is
unique.

Kidney Pills to anyone suffering from
kidney trouble." (Statement given
